

Monday (12/5): 2.4-2.5 Review

In class: Formative assessment, Work time

Assign: Turn in missing assignments

Tuesday (12/6): 2.6 Day 1

In class: Bell Ringer, Find Rational Zeros, Rational Zero Theorem

Assign: 2.6 Assignment

Wednesday (12/7): 2.6 Day 2

In class: Finish lesson, Work time

Assign: Finish 2.6 Assignment

Thursday (12/8): 2.7 Day 1

In class: Bell Ringer, Applying the Fundamental Theorem of Algebra

Assign: 2.7 Assignment

Friday (12/9): 2.7 Day 2

In class: Bell Ringer, Finish lesson

Assign: Finish 2.7 Assignment

This Week's Learning Objectives:

I CAN apply the Rational Zero Theorem to find all real zeros of a polynomial.

I CAN apply the Irrational Conjugates Theorem to find all zeros of a polynomial.

I CAN determine the number of positive real, negative real, and imaginary zeros of a polynomial by applying DesCartes' Rule of Signs.
