

Monday (11/14): Multi-Step Equations Review

In class: Bell Ringer, Review, Work time

Assign: Turn in missing assignments

Tuesday (11/15): Multi-Step Equations Quiz

In class: Take Quiz

Assign: Turn in missing assignments for multi-step equations

Wednesday (11/16): Go over quizzes

In class: Hand back quizzes and go over answers, blookets/Kahoots, work time

Assign: No homework

Thursday (11/17): STAR Testing

In class: Take STAR test

Assign: No Homework

Friday (11/18): One-Step Inequalities Day 1

In class: Bell ringer, One-step inequalities (add/subtract)

Assign: One-Step Inequalities Wkst (1-6)

This Week's Learning Objectives:

I CAN solve multi-step equations in one variable.

I CAN solve for one variable in a multi-variable equation in terms of the other variables.

I CAN solve one-step inequalities and graph the solutions on a number line.
