

Monday (2/27): Linear Relationships Packet  
In class: Bell Ringer, Slope Guided Practice  
Assign: Packet Pages 1-4

Tuesday (2/28): Linear Relationships Packet  
In class: Bell Ringer, Slope and Applications  
Assign: Packet Pages 5-8

Wednesday (3/1): Linear Relationships Packet  
In class: Bell Ringer, Equations and Graphing  
Assign: Packet Pages 9-14

Thursday (3/2): Work Day  
In class: Bell Ringer, Work Time  
Assign: Finish Packet

Friday (3/3): Review  
In class: Bell Ringer, Guided Review  
Assign: Done in class

This Week's Learning Objectives:

I CAN identify how changing the slope affects the graph for a function.

I CAN express linear equations in slope-intercept, point-slope, and standard forms.

I CAN convert between forms of linear equations.

I CAN represent linear functions using multiple methods.
