

Monday (3/13): STAR Testing

In class: Take STAR math test

Assign: No Homework

Tuesday (3/14): Proportional and Non-Proportional Relationships (Day 1)

In class: Bell Ringer, Guided notes, Work time

Assign: Packet Pages 1-4

Wednesday (3/15): Proportional and Non-Proportional Relationships (Day 2)

In class: Bell Ringer, Guided notes, Work time

Assign: Packet Pages 5-8

Thursday (3/16): Work Day

In class: Bell Ringer, Work time

Assign: Turn in packet

Friday (3/17): 5.6-5.7 Quiz

In class: Quiz on Parallel vs Perpendicular and Prop vs Non-Prop, open notes quiz

Assign: No Homework

This Week's Learning Objectives:

I CAN apply the properties of parallel and perpendicular lines to write equations for lines.

I CAN determine whether a function represents a proportional or non-proportional relationship.
