Monday (5/8): Solving Systems of Equations Quiz
    In class: Quiz
    Assign: **ALL late work for systems of equations due**

Tuesday (5/9): Intro to Scatter Plots
    In class: Bell Ringer, Scatter Plots Day 1
    Assign: Scatter Plots 1 (Delta Math)

Wednesday (5/10): Scatter Plots Day 2
    In class: Bell Ringer, Work time
    Assign: Turn in Scatter Plots 1 (Delta Math)

Thursday (5/11): Line of Best Fit Day 1
    In class: Bell Ringer, Notes, Work time
    Assign: Scatter Plots 2 (Delta Math)

Friday (5/12): Line of Best Fit Day 2
    In class: Bell Ringer, Work time
    Assign: Turn in Scatter Plots 2 (Delta Math)

This Week's Learning Objectives:
I CAN create and analyze scatter plots and determine the line of best fit.
I CAN use the line of best fit to make predictions about values not in the original data set.
I CAN assess the reasonableness of predictions by interpreting them in the original context.
