

Monday (11/1): Work Day

In class: Work on missing assignments from 10/18-10/29

Assign: Turn in missing assignments

Tuesday (11/2): Review Multi-Step Equations

In class: Distributive Property and Combining Like Terms

Assign: Worksheet

Wednesday (11/3): STAR Testing

In class: Bring charged laptop for STAR testing

Assign: No Homework

Thursday (11/4): Review One-Step Inequalities

In class: Marker Board Review

Assign: No Homework

Friday (11/5): Early Release Day (End of Quarter 1)

In class: Intro to Two-Step Inequalities Kahoot(s)

Assign: Last day to turn in missing assignments for first quarter

This Week's Objectives:

I CAN solve multi-step equations in one variable.

I CAN solve linear inequalities and graph the solutions on a number line.

I CAN use linear inequalities to represent relationships.
